26/11/2021]

Masters in Philosophy (M.Phil) Molecular Pathology& Genomics

Forman Christian College University(FCCU)

<https://www.fccollege.edu.pk/>

Address: Ferozepur Road, 54600, Lahore, Pakistan

Final grade: 3.207 CGPA **Number of credits:** 30

Thesis: MOLECULAR PROFILING OF STY3178 GENE (ENCODES A YFDX PROTEIN) FROM LOCAL XDR SALMONELLA TYPHI STRAIN

- Learned and used different bioinformatics approaches of acquiring data from databases to prediction of protein structure and function by Molecular Docking, for drugs discovery interventions.
- Explored and hands on experience on Biological databases and tools available on these webs Such as NCBI, EMBL-EBI, PDB.
- Succesfully used PYMOL and Auto Dock Vina.
- Hands on training on Whole genome variant calling pipeline using Galaxy interface.

[09/01/2015 –
29/06/2019]

Bsc. Hons Medical Laboratory Technology (MLT)

Allama Iqbal Medical College (AIMC)

<https://aimc.edu.pk/>

Address: Quaid-i-Azam Campus, Punjab, Lahore, Pakistan

Field(s) of study: Pathology | Molecular Biology | Microbiology& Parasitology | Hematology&Blood banking | Immunology&Serology | Chemical Pathology | Research Methodology & Biostatistics | Histopathology& Cytology

Final grade: 66.12% **Number of credits:** 120

Thesis: Expression Analysis of Cellular Genes TGF and VEGF in patients of HCV induced Hepatocellular Carcinoma (HCC)

- Learned Nucleic acid extraction methods
- Performed PCR both qualitative and quantitative
- RNA quantification and purification.

[04/09/2016 –
28/02/2019]

Masters in TESOL (Teaching of English Language to Speakers ofOther Languages)

Lahore College for Women University (LCWU)

<https://www.lcwu.edu.pk/>

31/08/2021]

Researcher

Bioinformatics Lab, Forman Christian College University

<https://www.fccollege.edu.pk/>

City: Lahore **Country:** Pakistan

-Learned and used online softwares from acquiring data from databases to predict protein structure and function of proteins as well as Molecular Docking procedures for drugs discovery interventions. Softwares accessed from NCBI, EMBL-EBI, PDB, PYMOL, Auto Dock Vina, BioEdit, Mega for phylogenetic analysis.

[01/06/2018 –
30/04/2019]

Student Researcher

Resource Lab, University of Health Sciences (UHS)

[https:// www.uhs.edu.pk/](https://www.uhs.edu.pk/)

City: Lahore **Country:** Pakistan

- Learned & Performed Nucleic Acid extraction & Isolation using different methods, Managed cDNA synthesis,
- Agarose Gel making & electrophoresis.
- Performed PCR (Quantitative and Qualitative), setting up controls and interpreting results accordingly.

Student Intern

Pathology Lab, Allama Iqbal Medical College (AIMC)

<https://aimc.edu.pk/>

City: Lahore **Country:** Pakistan

Field(s) of study: Medical Laboratory Technology

- Learned & Managed both basic and complex testing, with 6 months rotation in each section
 - Urinalysis,
 - Hematology,
 - Chemical Pathology,
 - Microbiology,
 - Histopathology,
 - Immunology & Serology and
 - Molecular Biology.
